# A WORD FROM CEO

We are a group of highly dynamic, creative and talented people, ready to go that extra mile to create premium value for our customers. It's our employees that make GlobalTech Ltd a great place to work, and the reason why our clients choose to work with us on their most challenging projects. This is the foundation on which our successful and innovative reputation is based.

GlobalTech has design and resource in place to become a leading Turnkey supplying and contracting company with capabilities in ICT service and equipment's, Transmission and distribution services

We have created GlobalTech to reinvent existing business models and industry standards, developing first-class solutions for our customers, partners, employees, and shareholders.

Our main differentiators are based on constant innovation and strategic expansion. Owing to such mindset, we have confidently marched towards new market and service expansions

Our vision is "to be amongst global leading engineering partner" so as to **ALWAYS EXCEED OUR CUSTOMERS' EXPECTATIONS.**

# ABOUT US

Establish in 2019, Offering complete Electrical & Automation solutions to various Industries, Utilities, Consultants, contractors & Mining sector in Tanzania and neighboring Countries.

GlobalTech Ltd has design and resource in place to become a leading Turnkey supplying and contracting company with capabilities in ICT service and equipment's, Transmission and distribution services.

Our core competency lies in turn-key development of efficient and reliable Power Transmission, supply of power or electrical materials, ICT and administration supplies and Distribution Infrastructure that reaches end users with an unfailing commitment to safety, quality and environment concerns.

# OUR MISSION, VISION & VALUES

## MISSION

Engineering for sustainable growth of global communities infrastructure by ensuring that integrity, safety, cost effective and on time delivery are at the heart of everything we do.

## VISION

To be amongst global leading engineering partner.

## VALUES

Trust, Integrity, creativity and team work.

# OUR SERVICES

Low Voltage Solutions

Medium & High Voltage Solutions

Electrical Engineering Works

Testing & Commissioning Works

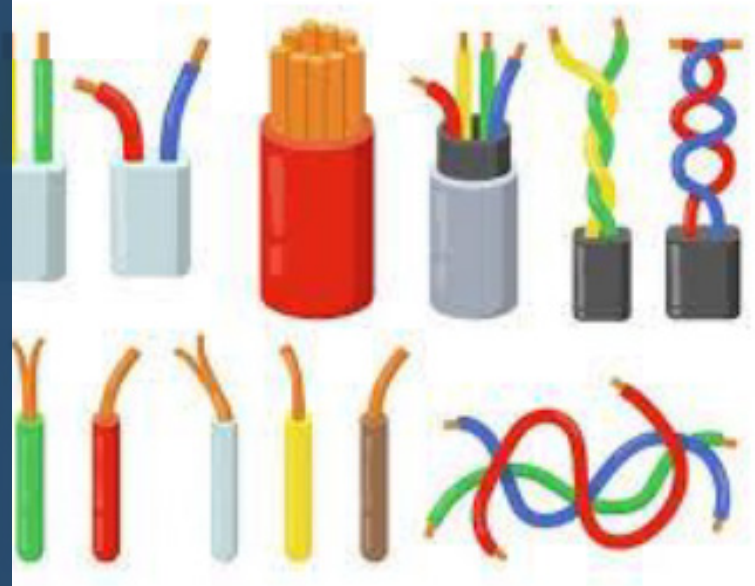

ICT Solutions

# LOW VOLTAGE SOLUTIONS

- > Low Voltage Switchgear
- > All kinds of Motor
- > Low Voltage Power Cables
- > Instrumenting, Mining and Special Cables.
- > Low Voltage Heat shrink cable Joint & Terminators
- > Cable Accessories
- > Lightning Material
- > Energy Meters
- > Earthing Material

# MEDIUM & HIGH VOLTAGE SOLUTIONS

- > MV Power Cables
- > MV Heat shrink cable joints & Terminators
- > Switchyard Equipment's (range from 11kv to 800kv) like CB, Isolator, CT, PT, CVT, LA etc)
- > ABC Conductors, ACSR conductors
- > Solar panels
- > MV Transmission Line accessories

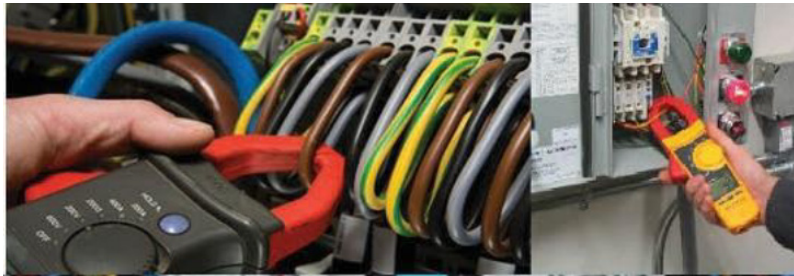

# ELECTRICAL ENGINEERING WORKS

1. Low & Medium Voltage Power Distribution Services.
2. Supply, Installation, Testing & Commissioning of all types of all types of electrical Transmission & Distribution Equipment's.
3. Supply to Distribution Transformers & Power Transformers to Utilities.
4. Design, Supply, install and commissioning of 33/415 KV transformers with gas Insulators or Air Insulators.
5. Design, supply, install and commissioning of 33 / 415 KV with gas Insulators or air insulators
6. To provide turnkey Power and ICT solutions – Design, Erection, Testing and commissioning for special Application projects or any Unique solutions.
7. Instrumentation services security Systems services
8. Refrigeration and Air Conditioning refrigerants supply and services
9. Water Plumbing and drainages services.

# TESTING & COMMISSIONING WORKS

From Power Grid to the Substations commissioning and Light poles on the streets.

We Perform;

1. Electrical wiring continuity testing.
2. Electrical insulation resistance testing.
3. Electrical earth continuity path testing.
4. Electrical testing of non-linked single pole switches.
5. Electrical earth resistivity testing.
6. Electrical performance testing.

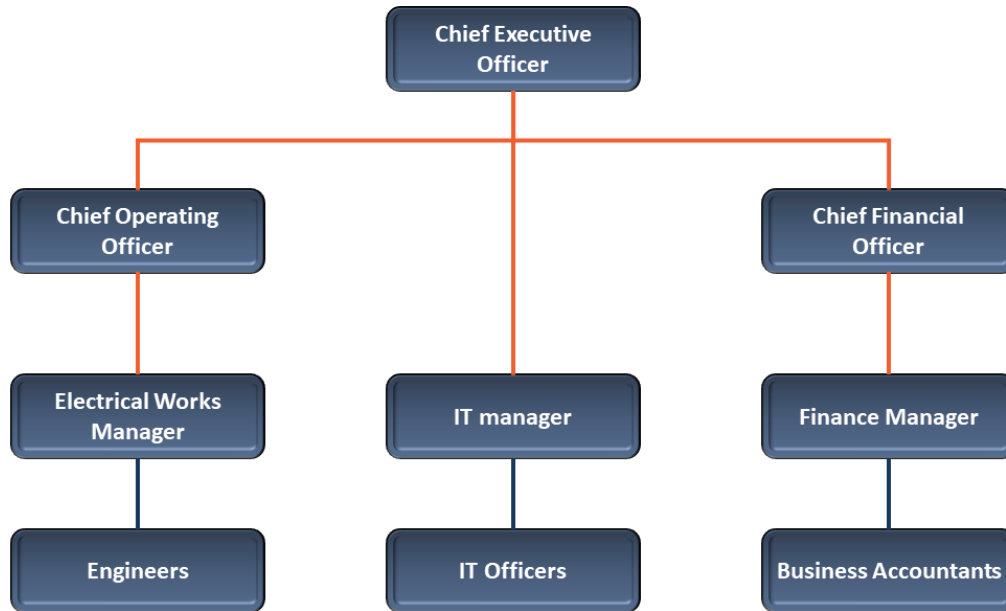

# ICT SOLUTIONS

1. Server commissioning
2. ICT consulting services
3. Digital CCTV cameras installation, troubleshooting and servicing
4. Supply of computer accessories
5. Network security enforcement.
6. Access control & security systems installation
7. Designing, Branding & Advertisement..

# OUR ORGANISATION

We are fulfilling our customers' purpose in a way that matters to them, delivering up to expectations and doing it right when no-one is looking
